JOSEPH K. TOOLE.

Our Next Delegate to Congress.

It is with more than ordinary pride that we put the name of this talented and honest gentleman at the head of these columns. We do so not alone, from a high personal regard which we entertain for him, but because he is the choice of the Democrats of Montana as well as a large class of Republicans who recognize his eminent abilities, his high character, and the fact that he will be a credit to Montana in the halls of Congress. Perhaps we may go further and say that no name has awakened so much enthusiasm in years. It is a compliment to the young and rising men of the country; and while young he carries upon his shoulders a head containing the wisdom of mature years. Everyone who knows our candidate will concede that he is a gentleman whose standard of honor is too high, whose conceptions of duty are too broad, whose views are too conservative as to become the tool of any faction or in any sense a sectional candidate. We are aware that in some quarters it will be urged that he is from Helena and that place has had "the delegation" for a long period. We deny that Helena has had the Delegation. True, Helena has been named as the place of residence of the Delegate for many years, but our Republican friends cannot conscientiously say so, because they have always asserted that Major Maginnis was from Minnesota. In this case however, the nomination of Mr. Toole came from Deer Lodge, a west side county, backed up by the extreme east and also having the undivided support of the extreme west. Joe Toole belongs to Montana and is identified with every interest and as a delegate will know no chain of mountains dividing his constituency. We speak for Gallatin county and we believe we voice the sentiments of all eastern Montana when we say he was their first, last and all the time candidate. It is more than that, it is almost a universal demand for his nomination from the people. Now a word to the party: Your candidate is before you, he is the man of your choice. Under your call he has been nominated. Don't stay here. Leave no stone unturned from now until next November and see to it that by your votes, you prove what you have all along said. "Give us Joe Toole and we give him a rousing majority." The CHRONICLE will issue no uncertain sound in this campaign. It will not be lukewarm but heart and soul it throws down the gauntlet to the nominees, and relying upon the justice of our cause, the popularity of our candidates, the duty to party, which rises higher than selfish purposes we are doubly armed. We don't have to "take medicine." Let it be said that Gallatin county, Democratic as it is, has not done its duty.

The reason given why so many go to see Blaine as he travels through the country are various, some because he is a political idol. Some because he is the "tattooed man" and they want to see him, and a great many through sympathy with him because he will be laid on the shelf in November.

LOW PRICES.

Not alone in Montana are low prices ruling for wheat and oats but all over this broad land. In the west of us wheat is selling as low as twenty-five cents per bushel and in the east it is no better. We may safely say that we are better off than anywhere else. We do not have to bear the expense of shipping away and paying for storage and shipping charges. The prices we receive is cash at home. From all accounts there is no over production. Just now there may be a great deal ready for market and much that will have to be disposed of at some price and as a consequence low prices will rule. Now a lesson is learned from the practice of raising grain alone and depending entirely upon that for making money. The CHRONICLE has repeatedly urged upon farmers to utilize every resource at their command, and shrewd farmers will not be slow to discover that they must place themselves in a position not to depend upon one article of agriculture, not to put their faith upon the result of one crop of wheat or oats or upon both, but to add to these all the industries that go hand in hand with farming. Add stock, pay attention to dairying, to poultry, butter, etc. If this and you will be classed as an enterprising and prosperous farmer. To do this, requires hard work, steady purpose and business like methods. Success is never attained over any rural road. Nearly every one who has attained success from small beginnings has done so by persistent efforts and hard work. We are interested in your success. Upon yours depends ours, and in everything that pertains to your welfare we take a deep interest. While we do not pretend to know much about farming and perhaps from that fact am not competent to give advice. We cannot but see, that the same rule which applies to any branch of business will apply to all. The details and small things must be looked after, in the aggregate they amount to a great deal. Make a study of your business. Watch well and discover the resources which afford the greatest revenues, find out—if anywhere—where the leakage is. Keep an account of your farm expenses. Find out first what it costs to raise every bushel of a certain kind of grain. By so doing you can discard that which does not pay and devote yourself more thoroughly to that which does pay. You will also find that it is not the acreage you sow, that will bring the greatest profit, but that which you can manage thoroughly and make it yield the best. Get all out of the soil that it is capable of producing. In short assure yourself in the future that you will make a thorough and prosperous farmer, by utilizing every resource at hand.

Hon. I. D. McCutcheon on opening a meeting at Ming's Opera House, said they were there to ratify the nomination of the next Delegate to Congress, and for a moment we thought we were at a Democratic Jollification and he was speaking for Joe Toole, but we learned afterwards that the gallant secretary was joking.

R. P. Vivion received the nomination unanimously for the office of District Attorney for this judicial district. Mr. Vivion has filled the office very acceptably on former occasions and will no doubt be elected, although he has a worthy competitor, Judge Blake of Madison county, and Bob will have to stir himself.

Democratic Territorial Convention.

The Democratic Territorial Convention met in Deer Lodge, Sept. 25th, 1884, pursuant to the call of the territorial committee and was called to order by Dr. Mitchell, chairman of the committee. Dr. Smallhead of Beaverhead was elected temporary chairman and W. B. Webb of Yellowstone as temporary secretary. The usual committees on credentials, permanent organization, platform and resolutions were appointed. The following is the platform presented and adopted: Resolved, That the Democracy of Montana in convention assembled hereby declare our firm adhesion and devotion to the principles and doctrines of the Democratic party as expressed in the platform adopted by the National Democratic convention held at Chicago on the 8th day of July, 1884, and commend to the Democracy of the country the nominees of said convention, Grover Cleveland of New York, for President, and Thos. A. Hendricks, of Indiana, for Vice-President of the United States, as worthy of the enthusiastic support of all Democrats and all other citizens who believe in an honest and economical administration of the affairs of the national government.

Resolved, That the Democrats of Montana express their approbation of the faithful, zealous and useful services of Hon. Martin Maginnis, who has for more than a decade ably represented Montana in the Congress of the United States.

Resolved, That it is the sense of this Territorial Democratic convention that each delegate accredited to this convention be allowed to vote regardless of the so-called "Unit Rule."

Resolved, That the Democracy of Montana earnestly urge upon the voters of the Territory, irrespective of party, the necessity of the admission of Montana as a State of the Union at the earliest possible date.

Resolved, That the action of the National Democratic Convention in granting to delegates from the territories all the privileges granted to and exercised by the delegates from the states, is a just recognition of the cardinal rights of the people of the territory long deferred; and the declaration that, in the selection of officers for the Territory appointments must be made from the bona fide residents of the territories, is a most emphatic recognition of all the rights of the people.

ple of the territories to self-government and a popular repudiation of the pernicious system of Colonial government so long forced upon a free and suffering people.

Resolved, That we recognize labor as the source of wealth and prosperity and the wages of workmen should be properly protected by law.

W. J. McCORMICK, Chairman
J. R. Wilson, Sec'y
After the adoption of the resolutions, Hon. J. K. Toole of Helena, Hon. G. W. Stapleton of Butte, and Hon. W. J. McCormick of Missoula were put in nomination for Delegate to Congress. The voting was by delegations were represented by a chairman and resulted 60 votes for Toole, 36 for Stapleton, and 16 for McCormick as follows:

The central committee was empowered to fix the time and place of holding the next Territorial convention, and to elect its own Chairman.

After adjournment of the convention, the delegates of each Judicial District met and nominated for the First Judicial District, Robert P. Vivion for District Attorney, W. Y. Pemberton for Second District, and J. A. Johnson for the Third District. Hon. Harry Comley was nominated for Joint Representative for Lewis and Clarke and Jefferson counties.

Next week we shall devote some attention to the different conventions which have been held and the candidates who have been nominated. Absence from home on other matters has prevented us from making some comments which we desired to do.
